

Fight Music

“Be sober-minded; be watchful. Your adversary the devil prowls around like a roaring lion, seeking someone to devour.” – I Peter 5:8 (ESV)

1) If the enemy wanted to set you up to take you down, what would he use?

2) How has your faith changed your private life?

These 2 questions are very closely related because when you know what the enemy might use to trip you up, you also now know what you should be looking for, in terms of your private life changing.

P2R (Point 2 Remember): Hypocrisy is best personified when there exists a gap between the public life and the private life.
