

LIFE Huddle: *Getting together to talk through issues of life*

Relational Lens

The greatest strategy of the enemy is to divide and conquer

If you don't learn how to understand the voice of the Father, the enemy will drive you crazy thinking you are alone while the Father is right next to you. Our greatest moments of sadness and breakdowns usually occur when we are alone...or at least when we think we are.

The way of the Kingdom is together

"And God said, let us make man in our image" Genesis 1:26. "Our Father who are in Heaven" Matthew 6:9. The world challenges us and tells us it's "lonely at the top" while God promises "He is ever present". Until we see life through the lens of the Kingdom things will never add up by yourself.

God is the only thing more constant than change

"He will never leave you, or forsake you" Hebrews 13:5. With the ever changing world we live in, our greatest hope is in a never changing God who is always with us.

P2R (Point 2 Remember): *Although God sees us as individuals, we were created for life in community with Him and others.*
