

LIFE Huddle: *Getting together to talk through issues of life*

The Basic Investing Principle

The Word of God will not truly make sense until you treasure it.

"If you seek it like silver and search for it as for hidden treasures, then you will understand the fear of the Lord and find the knowledge of God." Proverbs 2:4-5 The daily practice of scripture makes much more sense with the understanding of "compound interest".

God understands value.

Jesus was the most valuable person in the Universe but God gave Him up for us because His treasure was us. When you come to understand the value God gave you, you will respond with giving Him the value He rightfully deserves.

Identifying VALUE decides your values.

Where your treasure is, there your heart will be also Luke 12:34. We live life based on our individual values system. Our decisions are predetermined once we identify what has the greatest value in our life. What you treasure you will love...not the other way around

P2R (Point 2 Remember): *The more you "invest" the Word of God into your life over time, the more "interest" it will create in your decisions.*
